Analogu e subscribers	9,000	8,900	8,800	8,700	8,700	8,700
Digital subscribers	40,300	41,300	41,800	42,100	41,400	41,500
Mobile Data Services⁵						
Total Mobile Data subscribers	11,600	11,600	11,700	11,700	11,800	11,800

^Population Penetration rate figures from **June 2000** onwards have been re-computed, taking into account the revised population figures recently released by the Department of Statistics. Population Penetration Rate = [Total number of subscriptions/Total Population].

All subscriber figures rounded to the nearest hundred.

All penetration figures rounded to the nearest decimal point.

¹ The pre-paid SIM card subscriber base figures are included in the total number of mobile phone subscribers as well as in the total number of GSM900 and GSM1800 subscriber bases.

² Paging figures from Jan 99 onwards have been re-computed based on updated data information.

³ The Internet Dial-up Penetration figures includes: (i) subscribers to paid Internet access service for all IASPs; and (ii) subscribers to free Internet access.

⁴ As at Jan 99, previously reported figures on the number of IDD calls made will now be replaced with total number of International Telephone services minutes (excludes calls to Malaysia) instead.

⁵ Mobile data services refer to services provided by licensees that offer Public Mobile Data Services (PMDS) under their Facilities-Based Operator (FBO) licence. Subscribers to such PMDS services include fleet management companies, dispatch service agencies etc.

These telecom statistics are subject to revision from time to time to ensure accuracy.
