

**Next Generation Nationwide Broadband Network (Next Gen NBN) is Singapore's nationwide ultra-high speed all-fibre network. Deployed nationwide to all homes and offices, including schools, commercial properties and hospitals, Next Gen NBN offers broadband speeds of up to 1 Gigabit per second (1Gbps). Users can enjoy a richer broadband experience over the Next Gen NBN, at prices comparable to existing connections.**

## How Do You Sign Up?

When fibre has been rolled out to your home, you can approach and sign up for Next Gen NBN fibre services with any of the Retail Service Providers (RSPs). They will arrange for the necessary equipment to be installed, and activate your Next Gen NBN connection.

## Hand-on Experience At iExperience

The Infocomm Experience Centre (iExperience) takes you on a tour to experience how Next Gen NBN can transform the way you live, work, learn and interact. Immerse yourself in a world powered by Next Gen NBN through interactive and engaging exhibits. Find out more about home networking options and solutions here.

90 Bras Basah Road  
#B1-10/18 Esplanade Xchange  
Singapore 189562

Admission is free and guided tours are available upon request.

**FINALLY, YOU CAN  
DO MORE OF THE  
THINGS YOU LOVE.**

**NEXT GEN NBN.  
DOING MORE AND FASTER  
WITH SO MUCH JOY!**

## With Next Gen NBN, ultra-high speed broadband on fibre enables you to access content faster and easier than using existing networks.

### Experience Quality Services at Blazing Speed

Downloading and uploading of huge media files can be easily completed within minutes. High quality video-conferencing is enabled with better image resolution and smoother traffic. The ultra-high-speed broadband over Next Gen NBN can also support different modes of collaboration between students and teachers.

### Enjoy High-speed Online Gaming

Online gaming is elevated to a new level with rich media display and minimal lag. The gamer in you will enjoy the edge over your competitors in real-time games with Next Gen NBN's higher speed.

### Multi-users, Multi-task

Everyone in the family can now concurrently get connected doing what they enjoy without affecting one another's user experience. With Next Gen NBN, everyone gets connected at the same time without any compromise on performance!

## Next Gen NBN-Enabled Services

There is a wide range of broadband access plans available in the market, offering different packages catered to different needs. Some of the Next Gen NBN-enabled services you may find relevant include:

- Higher speed access to Internet
- Interactive Internet Protocol Television (IPTV)
- High quality video-conferencing
- High definition online gaming
- Remote online education
- Cloud services

Downloading big files, music and even HD movies in minutes, sometimes seconds, just makes sharing and learning so much easier.

## What You Should Know?

### Home Networking

To distribute broadband connectivity within the home, the commonly available home networking options are:

- Wired/Wireless router
- Structured network cabling
- Coaxial Home Networking
- Powerline Networking
