# INTRODUCTION

- IMDA announced adoption of PEPPOL (Pan European Public Procurement Online) framework during the SG:D event on 21 May 2018
- The universal value of PEPPOL
  - Market enabler for interoperable e-procurement solutions
  - Facilitates standards based end-to-end electronic procurement processes
  - Agreement framework for network trust, governance and compliance that enables multilateral and cross-border interoperability
  - Governance through a member based non-profit organisation
  - Enables a significant simplification and improvement of the on-boarding process for buyers and suppliers that want to trade electronically
- IMDA is our national PEPPOL Authority, responsible for the creation of the Singapore extension of the PEPPOL network.
