# GoCloud
for ICT SMEs

DevOps

Cloud Native

Microservices

About GoCloud

Support for up to 50%*

GoCloud supports local ICT SMEs through appointed Service Providers to transform traditional software architecture and development practices to applications deployed and delivered as Cloud Native applications using Microservices and DevOps.

STEP 1: SCOPE[1]

Learn the benefits of going Cloud Native, and work with an expert to develop plan and scope project.

STEP 2: TRAIN[2]

Training and certification to be equipped with knowledge and skills to design, code and develop Cloud Native applications.

STEP 3: PRACTICE[1]

Transform monolithic solution to Cloud Native application or develop a greenfield Cloud Native application, guided by coaches or consultants.

4 TO 6 MONTHS

Capability Development Process

[1]Support for up to 50% of service fees for completion of Step 1 and 3
[2]Support for up to 90% for CITREP endorsed courses; ICT SMEs who wish to undergo only training will still be eligible for CITREP funding but will not be eligible for the 50% support for Step 1 and 3
*For eligible ICT SMEs. Terms and Conditions apply
