**Sid Sharma**

Vice President - Asia

# Need for trusted data has never been higher

AI Economic Opportunity

**\$2.6 – \$4.4**  
trillion annually

**Differentiate**  
or get left behind

**Budgets**  
under pressure

“

Data is the foundation of all AI and gen AI models.

The quality of the data input also mirrors the final output of the model.

McKinsey  
& Company

As gen AI advances, regulators—and risk functions—rush to keep pace - McKinsey, Dec 2023

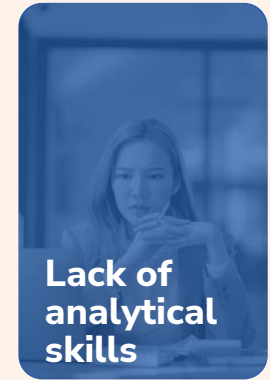

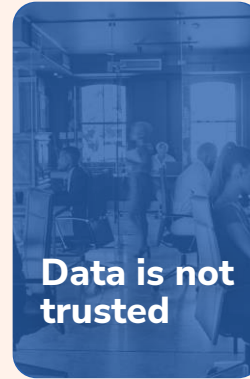

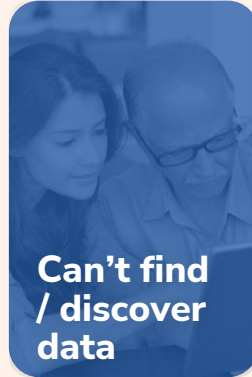

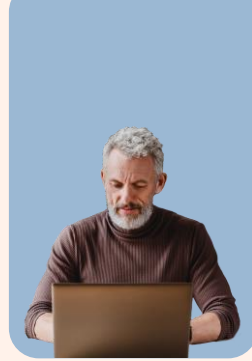

”

# But Most Data Initiatives Fail...

# 69%

of Data & Analytics leaders are still struggling to deliver measurable ROI
