

**3G SPECTRUM RIGHT
GRANTED BY THE INFO-COMMUNICATIONS
DEVELOPMENT AUTHORITY OF SINGAPORE
UNDER REGULATION 6 OF THE TELECOMMUNICATIONS
(RADIO-COMMUNICATION) REGULATIONS
TO
SINGAPORE TELECOM MOBILE PTE LTD ON 23 APRIL 2001
AND
MODIFIED AND TRANSFERRED TO
SINGTEL MOBILE SINGAPORE PTE LTD
ON 1 OCTOBER 2010
AND
MODIFIED ON 1 JULY 2016**

PART I: THE 3G SPECTRUM RIGHT

1. Grant of 3G Spectrum Right

- 1.1 On 23 April 2001, the Info-communications Development Authority of Singapore (hereinafter referred to as “IDA”), in exercise of the powers conferred on it pursuant to Regulation 6 of the Telecommunications (Radio-communication) Regulations and the Telecommunications Act (Cap. 323) (hereinafter referred to as “the Act”) granted to Singapore Telecom Mobile Pte Ltd (hereinafter referred to as “the First Grantee”), subject to the conditions herein, the right to use the radio frequency spectrum which has been allocated to the First Grantee by IDA and which is more particularly described in Schedule A (hereinafter referred to as “the Assigned Radio Frequency Spectrum”) for the purposes of operating the Third Generation (3G) mobile communication systems for the provision of 3G services as specified in the Facilities-Based Operator’s Licence to provide Facilities-Based Operations for the Provision of 3G Mobile Communication Systems and Services (hereinafter referred to as “the 3G FBO Licence”), granted by IDA pursuant to Section 5 of the Act (hereinafter referred to as the “3G Spectrum Right”).
- 1.2 On 18 June 2010, the First Grantee and SingTel Mobile Singapore Pte Ltd submitted a joint application to IDA for IDA’s approval for a transfer of the 3G Spectrum Right from the First Grantee to SingTel Mobile Singapore Pte Ltd (hereinafter referred to as “the Grantee”).
- 1.3 On 11 August 2010, IDA approved the transfer of the 3G Spectrum Right from the First Grantee to the Grantee.
- 1.4 The Grantee acknowledges that this 3G Spectrum Right was granted to the First Grantee on the basis of allocation specified in the procedures and conditions of participation issued by the IDA pursuant to Regulation 7 of the Telecommunications (Radio-communication) Regulations, and as amended or varied by IDA from time to time. The Grantee hereby represents and warrants that it has met and satisfied all requirements as IDA may determine pursuant to Regulation 8 of the Telecommunications (Radio-communication) Regulations.

1.5 In order to give effect to the deployment of Fourth Generation (hereinafter referred to as “4G”) systems and services under this 3G Spectrum Right using part of the Assigned Radio Frequency Spectrum as may be requested by the Grantee and as may be approved by IDA in writing from time to time (hereinafter referred to as the “Relevant Assigned Radio Frequency Spectrum”), IDA hereby further grants to the Grantee, subject to the conditions herein, the right to use the Relevant Assigned Radio Frequency Spectrum under this 3G Spectrum Right for the purposes of operating the public cellular mobile telecommunication systems for the provision of 4G services as specified in the Grantee’s Licence to Provide Facilities-Based Operations for the Provision of Public Cellular Mobile Telecommunication Services (hereinafter referred to as “the PCMTS FBO Licence”), granted by IDA pursuant to Section 5 of the Act. For the avoidance of doubt, the 3G mobile communication systems and the public cellular mobile telecommunication systems shall hereinafter be collectively referred to as “the Systems”.

1.6 The Grantee further acknowledges and agrees that in the event IDA determines that:

- (a) the grant or transfer of the 3G Spectrum Right was obtained in breach of, the Telecommunications (Radio-communication) Regulations, the Act, or the conditions of this 3G Spectrum Right whether by the Grantee or the First Grantee;
- (b) the grant or transfer of the 3G Spectrum Right was obtained by fraud or misrepresentation; or
- (c) the Grantee uses the Assigned Radio Frequency Spectrum for any purpose other than to operate the Systems for the provision of 3G or 4G services to end-users (as permitted under this 3G Spectrum Right and as specified in the Grantee’s 3G FBO Licence and PCMTS FBO Licence),

IDA shall be entitled to cancel or suspend this 3G Spectrum Right or any part thereof, and/or impose a financial penalty, in accordance with Condition 16 of this 3G Spectrum Right.

- 1.7 The conditions of this 3G Spectrum Right as modified and transferred by the First Grantee to the Grantee are consolidated herein and shall be referred to and taken by all parties concerned as the 3G Spectrum Right.

2. Duration of 3G Spectrum Right

- 2.1 This 3G Spectrum Right shall come into force on the date hereof (“date of grant”), and shall be valid until 31 December 2021 unless suspended or cancelled by IDA in accordance with Condition 16 or terminated in accordance with Condition 15.
- 2.2 This 3G Spectrum Right may be extended or further renewed for such period as IDA thinks fit and subject to such terms and conditions as may be specified by IDA in its absolute discretion.

3. Geographic Area

- 3.1 The geographic area in which the Grantee is permitted to use the Assigned Radio Frequency Spectrum for the purposes of operating the Systems is for the whole island of Singapore (including MRT underground stations/lines and road tunnels), the offshore islands and the territorial waters up to 15km from the coast line of the island of Singapore.

4. Payment for Grant of 3G Spectrum Right

- 4.1 The Grantee shall pay to IDA the amount(s) specified in Schedule B of this 3G Spectrum Right by such mode or modes of payment as IDA may determine, without set-off or counter-claim, on the date(s) specified therein, failing which IDA shall be entitled to cancel or suspend this 3G Spectrum Right or part thereof in accordance with Condition 16.

PART II: 3G SPECTRUM RIGHT REQUIREMENTS

5. Additional licences required

5.1 The Grantee shall not use the Assigned Radio Frequency Spectrum for the purposes of operating the Systems for the provision of 3G or 4G services unless the Grantee holds:-

- (a) a valid and current licence issued pursuant to Section 5 of the Act for the establishment, installation, operation and maintenance of telecommunication systems and the provision of the telecommunication services thereunder; and
- (b) a valid and current licence issued pursuant to Regulation 23 of the Telecommunications (Radio-communication) Regulations for the establishment, installation and operation of radio-communication stations and/or networks comprising the Systems.

PART III: OBLIGATIONS OF THE GRANTEE

6. Statutory Compliance

6.1 The Grantee shall observe and comply with the Act, the Info-communications Development Authority of Singapore Act (the “IDA Act”), the Telecommunications (Radio-communication) Regulations, the International Telecommunications Convention and any other relevant treaty or convention to which Singapore is a party.

6.2 Nothing in this 3G Spectrum Right shall be taken as discharging the Grantee from its obligation to obtain any other rights, licences, permits or approvals that may be required under any written law in force in Singapore.

7. International Obligations

7.1 The Grantee shall exercise its rights and powers and perform its duties and obligations under this 3G Spectrum Right in a manner, which is not inconsistent with or derogates from the Government of Singapore's obligations under any relevant convention, agreement, arrangement or treaty to which Singapore is a party.

7.2 IDA may notify the Grantee from time to time of any such convention, agreement, arrangement or treaty to which Condition 7.1 applies for its compliance.

8. Codes of Practice and Directions issued by IDA

8.1 The Grantee shall comply with all relevant Codes of Practice issued by IDA as well as any additional or supplemental guidelines, which IDA may issue from time to time as may be applicable to the Grantee.

8.2 The Grantee shall strictly and without any undue delay comply with any and all directions, which IDA may from time to time issue in exercise of its powers, functions or duties under the Act, the IDA Act, the Telecommunications (Radio-communication) Regulations or this 3G Spectrum Right.

8.3 IDA may, by notice in writing to the Grantee, amend, vary or revoke wholly or in part any directions issued by it pursuant to Condition 8.2.

8.4 Unless otherwise expressly specified, the Grantee shall safeguard the secrecy of all directions issued by IDA. The Grantee shall neither during the currency nor after the expiry, termination, suspension or cancellation of this 3G Spectrum Right disclose, or aid or permit the disclosure of any of the said directions to any person not authorised to receive the same without the prior written consent of the Chief Executive Officer of IDA (or such other similar title or position in IDA's successor, heir or assign, as may be relevant and applicable). The Grantee shall further take all reasonable precautions in dealing with the said directions so as to prevent any unauthorised person from having access to the same.

9. Provision of Information to IDA

9.1 The Grantee shall provide IDA with any documents or information within its knowledge, custody or control that IDA may by notice or direction require for the exercise of its powers, functions and duties under the Act, the IDA Act, the Telecommunications (Radio-communication) Regulations, or in this 3G Spectrum Right.

9.2 In order to monitor the Grantee's compliance with the conditions of this 3G Spectrum Right, IDA may also direct the Grantee to arrange at its own cost for a separate and independent audit of its activities. The Grantee shall, at IDA's request, submit the audited accounts and reports prepared under this Condition 9 to IDA for its inspection.

9.3 The Grantee shall, when expressly notified, keep in strict confidence any documents or information so required by IDA pursuant to Condition 9.1 as well as the fact that IDA has requested for such documents or information.

9.4 Subject to Condition 9.5, IDA may use and disclose the documents and information required by IDA pursuant to Condition 9.1 to such persons as IDA deems fit.

9.5 Where IDA proposes to disclose the documents and information obtained pursuant to Condition 9.1 and IDA considers that the disclosure would result in the release of information concerning the business or commercial or financial affairs of the Grantee, which disclosure would or could reasonably be expected to adversely affect the Grantee's lawful business or commercial or financial

affairs, IDA will give the Grantee a reasonable opportunity to make representations on the proposed disclosure before IDA makes a final decision whether to disclose the information.

10. Ownership, Shareholding and Management Arrangements

10.1 The Grantee shall obtain IDA's approval for the appointment of its Chairman, Board of Directors and Chief Executive Officer and shall provide IDA with details of its ownership, shareholding and management arrangements.

10.2 Any change in the ownership, shareholding and management arrangements of the Grantee as provided pursuant to Condition 10.1 above (including but not limited to changes in the Chairman, Board of Directors or Chief Executive Officer) shall be submitted to IDA for approval at least one month before such change is intended to be implemented.

11. Use of Radio Frequencies

11.1 The Grantee shall take all necessary steps to ensure that the use of the Assigned Radio Frequency Spectrum for the purposes of operating the Systems for the provision of telecommunication systems and services is safe and does not cause interference to the other existing radio-communication stations, networks and systems operating in the same area or radio frequency band and in other areas or radio frequency bands. The Grantee shall also take all appropriate measures to ensure that its Systems and the radio-communication stations and equipment comprised therein are adequately protected from interference that may be caused by radio-communication stations and networks operating in the same area or radio frequency band or in other areas or radio frequency bands.

11.2 The Grantee shall co-operate fully with and provide all necessary assistance to (including providing such information as may be requested by) IDA for the purposes of assisting IDA in coordinating and managing the use of radio frequencies in relation to neighbouring countries and within Singapore, including but not limited to the provision of information to IDA, and the reduction of emission levels of any radio-communication stations comprised in the Systems.

11.3 Subject to the Act, the IDA Act, the Telecommunications (Radio-communication) Regulations and this Condition 11, the use of any part of the

Assigned Radio Frequency Spectrum for the purposes of managing interference (including the provisioning for a guard band(s)) shall be at the discretion of the Grantee.

12. Operation of the Systems, Radio-communication Stations and Equipment

- 12.1 The Grantee shall ensure that the Systems and the radio-communication stations and equipment comprised therein that are operated within the Assigned Radio Frequency Spectrum shall at all times comply with all applicable emission standards and technical specifications or requirements specified by IDA, from time to time, in relation thereto.
- 12.2 The Grantee shall ensure that the Systems and the radio-communication stations and equipment comprised therein that are operated within the Assigned Radio Frequency Spectrum are not used for unlawful purposes or misused in any way.
- 12.3 The height of the transmitter antenna of a radio-communication station working in the Systems shall not exceed 50 metres above mean sea level (AMSL). Where justified, IDA may grant conditional approval for the Grantee to exceed the prescribed height provided that the Grantee shall take all necessary steps at its own cost, to ensure that the Systems will not cause interference to or receive interference from other telecommunication systems, operating within or outside of Singapore.

PART IV: SPECTRUM TRADING AND SHARING

13. Spectrum Trading

- 13.1 The Grantee shall not assign, transfer, trade, deal with or otherwise dispose of the whole or any part of the rights, privileges, duties and/or obligations under this 3G Spectrum Right to any person or persons except:
- (a) with the prior written approval of IDA; and
 - (b) in accordance with the Act, the IDA Act, the Telecommunications (Radio-communication) Regulations, the Code of Practice for Competition in the Provision of Telecommunication Services, and the rules and procedures relating to spectrum trading published by IDA from time to time.
- 13.2 Any such written approval may be given subject to such conditions that IDA may in its discretion impose.
- 13.3 No assignment, transfer, trading, dealing with or disposal of the whole or any part of the rights, privileges, duties and/or obligations under this 3G Spectrum Right shall take effect until the conditions in Condition 13.1 are satisfied.
- 13.4 The Grantee shall, and shall procure that other party to the assignment, transfer, trading, dealing or disposal to give to IDA such information about the assignment, transfer, trading, dealing or disposal under Condition 13.1 as IDA requires for the purpose of giving its approval under Condition 13.1(a).

14. Spectrum Sharing

- 14.1 The Grantee shall not authorise any person or persons (the “Authorised Person”) to operate a radio-communication station and/or network within the Assigned Radio Frequency Spectrum except in accordance with the Act, the IDA Act, the Telecommunications (Radio-communication) Regulations, and the rules and procedures relating to spectrum sharing published by IDA from time to time.

14.2 The Grantee will at all times remain liable for the acts, omissions, defaults and neglects of the Authorised Person as if they were the acts, omissions, defaults and neglects of the Grantee.

PART V: TERMINATION, SUSPENSION, CANCELLATION, VARIATION AND RESUMPTION

15. Termination of 3G Spectrum Right

- 15.1 In the event that the Grantee desires to terminate this 3G Spectrum Right, the Grantee must obtain IDA's approval in writing at least six months in advance.
- 15.2 No termination of this 3G Spectrum Right shall take effect until IDA's approval in writing is obtained under Condition 15.1.

16. Suspension and Cancellation of 3G Spectrum Right

- 16.1 IDA may suspend or cancel the 3G Spectrum Right in whole or in part, and/or impose a financial penalty of such amount as IDA thinks fit, in accordance with Regulation 16 of the Telecommunications (Radio-communication) Regulations.

17. Rights upon Termination, Suspension or Cancellation

- 17.1 Any termination, suspension or cancellation of this 3G Spectrum Right shall be without prejudice to the rights and remedies which may accrue to the Grantee or IDA under this 3G Spectrum Right or any written law as at the date of termination, suspension or cancellation, except that the Grantee shall not have the right to seek compensation or refund of the 3G Spectrum Right fee paid under Condition 4.1 or any other fee paid in advance, whether in whole or in part.

18. Variation of 3G Spectrum Right

- 18.1 IDA may vary the conditions of this 3G Spectrum Right in accordance with the Telecommunications (Radio-communication) Regulations.

19. Resumption of 3G Spectrum Right

- 19.1 IDA may, in accordance with Regulations 17 and 18 of the Telecommunications (Radio-communication) Regulations, resume this 3G Spectrum Right in whole or in part.

20. Exceptions and Limitations on Obligations

20.1 The Grantee shall not be held to have failed to comply with its obligations in this 3G Spectrum Right if and to the extent that IDA is satisfied that it is prevented from complying with those obligations for the following reasons:-

- (a) malfunction or failure of any equipment where IDA determines that reasonable measures were taken beforehand to prevent such malfunction or failure;
- (b) the act or omission of any national authority, local authority or international organisation; or
- (c) any other factor, which, in the opinion of IDA is beyond the Grantee's reasonable control and which notwithstanding the exercise by it of reasonable diligence and foresight, the Grantee was unable to prevent or overcome,

Provided always that the Grantee shall use all reasonable endeavours to resolve with all reasonable speed the factor(s) preventing compliance with of its obligations and shall resume complying with its obligations as soon as the factor(s) which prevented such compliance thereof is resolved.

PART VI: MISCELLANEOUS CONDITIONS

21. Governing Law

21.1 This 3G Spectrum Right shall be governed by and construed according to the laws of Singapore.

22. Service of Notices

22.1 All notices under this 3G Spectrum Right shall be in writing and shall be deemed to have been given if sent by hand or pre-paid post or by facsimile to the Grantee's registered address as lodged with the Accounting and Corporate Regulatory Authority.

23. Severability

23.1 Every condition and part thereof shall be construed as a separate and severable provision so that if any condition and part thereof is held invalid, unenforceable or illegal for any reason, the remainder of this 3G Spectrum Right shall remain in full force in every respect.

SCHEDULE OF INTERPRETATION

In this 3G Spectrum Right, unless the context otherwise requires:

- (a) Words importing the singular or plural shall be deemed to include the plural or singular respectively;
- (b) The titles to the provisions of this 3G Spectrum Right are for convenience of reference only and are not part of this 3G Spectrum Right and shall not in any way affect the interpretation thereof;
- (c) Any word or expression used in this 3G Spectrum Right shall have the same meaning as it has in the Act;
- (d) Any reference in this 3G Spectrum Right to the Act shall include any regulations made thereunder;
- (e) Any reference in this 3G Spectrum Right to any regulations made under the Act shall include any regulations made under the Telecommunications Act 1999 until such regulations are revoked or repealed by subsidiary legislation made under the Act;
- (f) Any reference in this 3G Spectrum Right to a person shall be deemed to include both corporations and natural and legal persons;
- (g) Any reference to monetary amounts in this 3G Spectrum Right shall be deemed to be denominated in Singapore Dollars; and
- (h) Any reference to any Codes, guidelines or other rules or documents promulgated by IDA shall be read as reference to such as may be amended from time to time.

SCHEDULE A

ASSIGNMENT OF RADIO FREQUENCY SPECTRUM

1. The Assigned Radio Frequency Spectrum means:
- a. the paired radio frequency band consisting of the range of radio frequencies between the upper and lower frequency limits of the radio frequency bands specified in the tables below:

LOWER BAND	
Lower Frequency Limit	Upper Frequency Limit
1935.1 MHz	1950.1 MHz

UPPER BAND	
Lower Frequency Limit	Upper Frequency Limit
2125.1 MHz	2140.1 MHz

- b. the unpaired radio frequency band consisting of the range of radio frequencies between the upper and lower frequency limits of the radio frequency band specified in the table below:

UNPAIRED BAND	
Lower Frequency Limit	Upper Frequency Limit
1909.9 MHz	1914.9 MHz

SCHEDULE B

PAYMENT FOR THE GRANT OF 3G SPECTRUM RIGHT

Payment amount

S\$100 million

Date of Payment

23 April 2001
