

NetLink Trust's Fibre Connection Service QoS Performance for Q3 2018

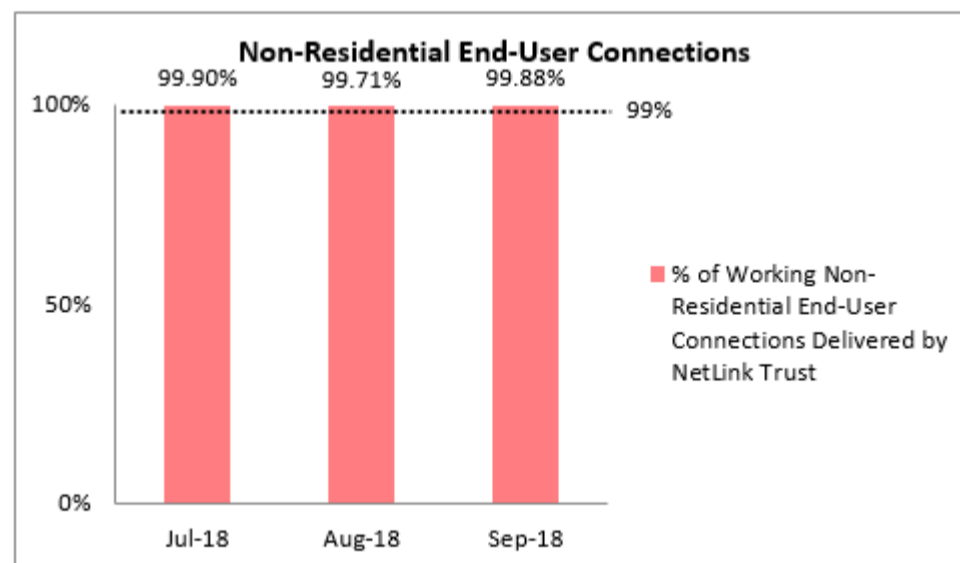

Quality of Service (QoS) Standards for NetLink Trust's Fibre Connection Services for the Jul - Sep 2018 Quarter

NetLink Trust's QoS Performance for Installation-Related Service Levels

1. Percentage of Residential End-User Connections Delivered to NetLink Trust's Requesting Licensees in Working Condition

1. Percentage of Non-Residential End-User Connections Delivered to NetLink Trust's Requesting Licensees in Working Condition

NetLink Trust's QoS Performance for Timeframe in the Provisioning of End-User Connection Services

1. Percentage of Residential Service Orders Fulfilled within (i) Three Business Days of the Date of the Service Order or (ii) by Request For Activation ("RFA") Date for First Fibre Orders

When both first and second fibre orders are aggregated together, between July to September 2018, NetLink Trust has fulfilled 98.09% to 98.60% of orders within three business days or RFA date, and 98.79% to 99.21% of orders within seven business days or RFA date + 4 business days.

2. Percentage of Non-Residential Service Orders Fulfilled within Four Calendar Weeks from the Date of the Service Order

NetLink Trust has fulfilled 99.08% to 99.53% of orders within eight calendar weeks or RFA date + 4 calendar weeks in July to September 2018.
