## SCHEDULE 12

### CO-LOCATION SERVICE

#### 1. GENERAL

1.1 This Schedule sets out the terms and conditions under which OpenNet will provide the Requesting Licensee with Co-Location Space at the Central Offices for hosting active network equipment, servers and any other interconnecting equipment (**Co-Location Equipment**) for the purpose of connecting to the OpenNet Network or other Requesting Licensee's Co-Location Equipment and the provision of services over the OpenNet Network (**Co-Location Service**).

1.2 Except as provided in this Schedule, the Requesting Licensee shall, at its own cost, provide all installation materials and manpower needed for the installation of their Co-Location Equipment. Where certain work is to be carried out by OpenNet under this Schedule, and the quantum of the Charge is not defined under Schedule 15 (Charges), the Requesting Licensee must pay all the reasonable costs incurred by OpenNet in provisioning Co-Location Service, subject to the following conditions:

- (a) the costs incurred by OpenNet will relate to the work that OpenNet needs to perform in order to provision the Co-Location Space at a Central Office;
- (b) before incurring the costs, OpenNet will provide Requesting Licensee with prior reasonable notice that the Requesting Licensee's request requires OpenNet to undertake such work and such notice shall clearly and with sufficient detail set out the following:
  - (i) the reasonable costs which OpenNet seeks to recover from the Requesting Licensee in respect of the costs incurred by OpenNet (including a breakdown of the individual cost components and justification for incurring each cost component); and
  - (ii) based on the information set out in paragraph (i), a binding quote to the Requesting Licensee in respect of the work to be undertaken by OpenNet which shall be valid for a period of ten (10) Business Days (or such other time as may be agreed between the Parties) from the date they are notified to the Requesting Licensee by OpenNet;

- (c) OpenNet shall obtain the prior approval of the Requesting Licensee to the costs noted in the notice within the time period under paragraph (b)(ii) and if the Requesting Licensee does not provide its approval within that time period, then OpenNet may suspend OpenNet's work under this clause 1.2 until the Requesting Licensee agrees. For the avoidance of doubt, the Requesting Licensee shall not be liable to bear any costs incurred by OpenNet under clause 1.2 unless the Requesting Licensee has given its prior approval under this clause 1.2(c); and
  - (d) any dispute in respect of determining the reasonable costs set out in the notice shall be resolved in accordance with Schedule 17 of the ICO Agreement.
- 1.3 The list of Central Offices as at the date of this ICO Agreement is listed in Annex 12B. OpenNet may vary the Central Offices listed in Annex 12B from time to time with the approval of the Authority.
- 1.4 Information relating to the Co-Location Space that is available, basic facilities at the Co-Location Space, procedures and forms for ordering Co-Location Service, installation and physical access and an updated list of COs, including information on whether any of the listed COs has been earmarked for decommissioning, will be available on OpenNet Platform, for access by the Requesting Licensee through secured means. The secured access to OpenNet Platform will require payment of a Per User Account Charge (specified in clause 14 of Schedule 15 (Charges)) for each user account created. The aforementioned information is available on the OpenNet Platform. For the avoidance of doubt, where OpenNet has imposed a Per User Account Charge on the Requesting Licensee for each user account created to allow the Requesting Licensee to access OpenNet Public Website, such Per User Account Charge shall not be re-imposed when the information relating to Mandated Services is made available on the OpenNet's Service Portal.
- 1.5 OpenNet shall not be responsible for any damage to the Requesting Licensee's Co-Location Equipment caused by fire, water leakage, air-conditioning/mechanical ventilation failure, power fluctuation/interruption, or anything beyond OpenNet's control in the Central Office other than to the extent that it is the result of a negligent, wilful or reckless breach of this ICO Agreement by OpenNet.
- 1.6 The timeframes in this Schedule relating to provisioning work for Co-Location Service to be undertaken by OpenNet under clauses 3.4 and 3.5 (**Ordering and Provisioning Procedure**), 4.1 (**Project Study**), 6.1 (**Site Preparation Work**) are subject to delays caused by events outside OpenNet's reasonable control, in which case such failure to meet the timeframes shall not constitute a breach of this ICO

Agreement and clause 1.7(a) shall not apply, provided that OpenNet must notify the Requesting Licensee as soon as practicable upon the occurrence of such event, stating the cause of the events and specifying a new date for completion of the relevant provisioning work which is extended for the period of such delays.

- 1.7 (a) OpenNet will provide the Service Level Guarantees in respect of provisioning of Co-Location Service as set out in Annex 12A (**Provisioning SLG**). If OpenNet fails to meet any Service Level Guarantees applicable to this Schedule and the failure to meet such Service Level Guarantees is solely caused by OpenNet, its contractors and/or suppliers, OpenNet will provide a remedy to the Requesting Licensee in accordance with:
- (i) section 1 of Annex 12A and any terms and conditions contained therein in respect of Co-Location Request timeframes;
  - (ii) section 2 of Annex 12A and any terms and conditions contained therein in respect of Project Study timeframes;
  - (iii) section 3 of Annex 12A and any terms and conditions contained therein in respect of timeframes for Site Preparation Work; and
  - (iv) section 4 of Annex 12A in respect of claims made under Annex 12A.
- (b) The Requesting Licensee acknowledges that the relevant remedy provided under clause 1.7(a) is a genuine pre-estimate of the Requesting Licensee's loss and will be the sole and exclusive remedy available to the Requesting Licensee for such failure to meet the relevant Service Level Guarantees for Co-Location Service and shall be OpenNet's sole and exclusive liability to the Requesting Licensee for such failure.

- 1.8 Onsite charges are applicable whenever Requesting Licensee requests for OpenNet to be onsite other than for provisioning of Co-Location Service or for reasons caused by OpenNet's fault or error.

## **2. AVAILABILITY AT A CENTRAL OFFICE**

- 2.1 OpenNet shall offer Co-Location Space up to a maximum of 120 square metres per Central Office.

### 3. ORDERING AND PROVISIONING PROCEDURE

- 3.1 OpenNet shall process requests for Co-Location Service at a Central Office listed in Annex 12B (**Co-Location Requests**) and allocate Co-Location Space to Requesting Licensees in a non-discriminatory manner on a first-come-first-serve basis.

Any additional requests will be processed in the next available week where the Co-Location Service Request Quota has not been exceeded. OpenNet shall inform the Requesting Licensee of that overflow within one (1) Business Day of the date of receiving the Co-Location Request / Co-Location Modification Request (**Request Date**).
- 3.3 (A) The Requesting Licensee shall submit its Co-Location Request using a Co-Location Request Form in the form of Annex 12C containing but not limited to the following information:

  - (b) confirmation that the Requesting Licensee's Co-Location Equipment to be installed at the Co-Location Space at that Central Office is for the purpose of connecting to the OpenNet Network or other Requesting Licensee's Co-Location Equipment and the provision of services over the OpenNet Network;
  - (c) the term of the licence required (either two (2) years or twenty-five (25) years);
  - (d) the type of Co-Location Equipment proposed to be installed at the Co-Location Space;
  - (e) the space and power requirements;
  - (f) the floor loading of the Co-Location Equipment;
  - (g) the capacity (number of fibre cores) of the Transmission Tie Cable required and the rack where the Tie Cable is to terminated; and

(h) the Requesting Licensee's contact details.

(B) As an alternative to submitting a Request under the form set out in Annex 12C under clause 3.3(A), the Requesting Licensee may also submit its Co-Location Request using a Co-Location Request Form via the OpenNet Platform containing but not limited to the following information:

(a) the Central Office listed in Annex 12B at which Co-Location Space is sought;

(b) confirmation that the Requesting Licensee's Co-Location Equipment to be installed at the Co-Location Space at that Central Office is for the purpose of connecting to the OpenNet Network or other Requesting Licensee's Co-Location Equipment and the provision of services over the OpenNet Network;

(c) the term of the licence required (either two (2) years or twenty-five (25) years);

(d) the type of Co-Location Equipment proposed to be installed at the Co-Location Space;

(e) the space and power requirements;

(g) the capacity (number of fibre cores) of the Transmission Tie Cable required;

(h) the Requesting Licensee's contact details;

(i) the rack where the tie cable is to be terminated (where applicable); and

(j) attachments such as Annex 12C part (a) – (c)(where applicable).

3.4 (A) Within one (1) Business Day of the date on which OpenNet receives the Co-Location Request (Request Date) and subject to clause 3.2, OpenNet must notify the Requesting Licensee (and shall provide the Requesting Licensee with a unique reference number or a similar form of identification in the notification) if its Request is rejected, for any one of the following reasons:

(a) the Co-Location Request is not in the prescribed form;

- (b) the Co-Location Request does not contain the required information or the information provided is inaccurate or misleading;
- (c) OpenNet has plans or otherwise proposes to decommission the Central Office within six (6) months of the date of the Co-Location Request; or
- (d) the Requesting Licensee has committed a material breach of the ICO Agreement or this Schedule.

3.4 (B) Alternatively, where OpenNet receives the Co-Location Request (**Request Date**) via the OpenNet Platform, OpenNet will validate and notify the Requesting Licensee, so that the Requesting Licensee is able to make the necessary corrections, in real time, if the request does not meet any one of the following requirements:

- (a) data entered for the fields does not meet the required format;
- (b) the Co-Location Request does not contain all the required information or the information provided is inaccurate or misleading;

Within one (1) Business Day of the date on which OpenNet receives the Request via the OpenNet Platform for Co-Location Request (**Request Date**) and subject to clause 3.2, OpenNet must notify the Requesting Licensee (and shall provide the Requesting Licensee with a unique reference number or a similar form of identification in the notification) if its Request is rejected for any one of the following reasons:

- (a) OpenNet has plans or otherwise proposes to decommission the Central Office within six (6) months of the date of the Co-Location Request; or

Where the OpenNet Platform is experiencing technical problems, OpenNet shall inform the Requesting Licensee to submit the Requests through fax/email or offer alternative solutions.

3.5 Within three (3) Business Days of the Request Date and subject to clause 3.2, OpenNet must notify the Requesting Licensee (and shall provide the Requesting Licensee with a unique reference number or a similar form of identification in the notification) if its Request is accepted, or if rejected, for any one of the following reasons:

- (a) Co-Location Space at a Central Office is not available;
- (b) the provision of Co-Location space at a Central Office will give rise to significant health, safety, technical or engineering issues; or
- (c) there are security and confidentiality requirements or restrictions imposed on OpenNet by Governmental Agencies.

Where OpenNet rejects the Co-Location Request, OpenNet must provide reasons explaining the basis for rejection promptly. Where OpenNet rejects the Co-Location Request due to clause 3.5(a), OpenNet shall take reasonable measure to find an alternative solution.

- 3.6 The Requesting Licensee shall be liable for and shall pay OpenNet the Co-Location Ordering Charge for processing the Co-Location Request as provided in Schedule 15 (Charges), irrespective of the outcome of the Co-Location Request, unless the Co-Location Request was wrongfully rejected by OpenNet.
- 3.7 Where OpenNet is unable to offer the Co-Location Service due to unavailability, OpenNet shall take reasonable measures to cater for additional space where possible. The provision of such additional Co-Location Space shall not be subject to the Provisioning SLG.
- 3.8 The Requesting Licensee acknowledges that the Co-Location Space allocated and the actual placement of the Co-Location Equipment shall be determined by OpenNet. OpenNet is not obligated to place the same Requesting Licensee's Co-Located Equipment adjacent to each other, provided that OpenNet will use its reasonable endeavours to accommodate any reasonable request for adjacent placement made by the Requesting Licensee.

#### **4. PROJECT STUDY**

- 4.1 Subject to clause 3.2 and except where OpenNet has rejected a Co-Location Request under clauses 3.4 and 3.5, OpenNet shall, within five (5) Business Days of the Request Date, provide a quotation for the Project Study Fee as specified in Schedule 15 (Charges). The quotation shall be valid and binding for ten (10) Business Days from the date of the quotation.
- 4.2 The Requesting Licensee shall, within ten (10) Business Days from the date of the quotation referred to in clause 4.1 above, inform OpenNet in writing whether it accepts the quotation. If the Requesting Licensee does not accept the quotation, or if

the Requesting Licensee does not (for any reason whatsoever) inform OpenNet in writing of its acceptance of the quotation within ten (10) Business Days from the date of the quotation, the quotation and the Co-Location Request shall be deemed cancelled. The Requesting Licensee shall in any event be liable for and shall pay OpenNet the Co-Location Ordering Charge for processing the Co-Location Request as provided in Schedule 15 (Charges).

- 4.3 OpenNet shall complete a Project Study within fifteen (15) Business Days of its receipt of the written notice of acceptance by the Requesting Licensee of the quotation for the Project Study Fee. The Requesting Licensee must pay the Project Study Fee specified in Schedule 15 (Charges). The Project Study normally entails a joint site survey with the Requesting Licensee to determine the space and Site Preparation Works required at the Co-Location space.
- 4.4 Following completion of the Project Study, OpenNet shall provide the Requesting Licensee with the following information ascertained as a result of the Project Study:
- (a) the estimated Charges for the Site Preparation Work (including a breakdown of the major components of the Charges) and an outline of the major elements of the Site Preparation Work to be undertaken by OpenNet; and
  - (b) the number of Business Days (which shall not exceed twenty five (25) Business Days as specified in clause 6.3) reasonably expected to complete the Site Preparation Work.
- 4.5 OpenNet shall be entitled to levy and receive the Project Study Fee provided in Schedule 15 (Charges) irrespective of whether the Requesting Licensee proceeds with the Co-Location Request after completion of the Project Study.

## **5. MODIFICATION OF CO-LOCATION REQUEST**

- 5.1 The Requesting Licensee may, before the completion of the Project Study, submit a modification to the Co-Location Request (“Co-Location Modification Request”) to OpenNet in the form of Annex 12C. The Requesting Licensee shall, in the Co-Location Modification Request, state the Application Reference Number used in the original Co-Location Request and clearly indicate the changes requested.
- 5.2 OpenNet shall, if the Requesting Licensee has requested for suspension of the Project Study in the Co-Location Modification Request, immediately suspend the Project Study upon its receipt of the Co-Location Modification Request. If the Requesting Licensee has not requested for suspension of the Project Study in the Co-Location

Modification Request, the Project Study shall continue and the Requesting Licensee shall be liable for the full amount of the Project Study Fee for the Project Study. If OpenNet anticipates that the Co-Location Modification Request will result in extensive changes to the Project Study and that the Project Study should be suspended, OpenNet shall inform the Requesting Licensee and seek the Requesting Licensee's consent before suspending the Project Study.

5.3 Where the Project Study has been suspended pursuant to clause 5.2, the duration of the Project Study suspension shall not be included in the calculation of the Service Level Guarantee for the Project Study.

5.4 Subject to clause 3.2, OpenNet shall, within three (3) Business Days of its receipt of the Co-Location Modification Request, assess the Co-Location Modification Request and inform the Requesting Licensee in writing whether it accepts or rejects the Co-Location Modification Request. OpenNet shall reject the Co-Location Modification Request for any of the following reasons:

- (a) proposed modification will give rise to significant health, safety, technical or engineering issues;
- (b) there are security and confidentiality requirements or restrictions imposed on OpenNet by Government Agencies;
- (c) the Co-Location Space at Central Office is not available

Where OpenNet rejects the Co-Location Modification Request due to clause 5.4(c), OpenNet shall take reasonable measure to find an alternative solution.

5.5 If OpenNet rejects the Co-Location Modification Request, the Requesting Licensee shall, within three (3) Business Days of OpenNet's rejection of the Co-Location Modification Request (or such other period as may be agreed between the Parties), inform OpenNet in writing whether it wishes to:

- (a) continue with the Project Study, whereupon the suspension of the Project Study as per clause 5.2 will be lifted within one (1) Business Day of OpenNet's receipt of Requesting Licensee's request to continue with the Project Study; or
- (b) cancel the Co-Location Request and terminate the Project Study.

In any event, OpenNet shall be entitled to levy and receive the Project Study Fee provided in Schedule 15 (Charges).

- 5.6 If OpenNet anticipates that it would not incur additional costs and/or charges arising from the acceptance of the Co-Location Modification Request, OpenNet shall continue the Project Study as per the timeframe stated in Clause 4.3 and be entitled to levy and receive the Project Study Fee provided in Schedule 15 (Charges). If OpenNet anticipates that it would incur additional costs and/or charges arising from the acceptance of the Co-Location Modification Request, OpenNet shall terminate the Project Study and be entitled to levy and receive the Project Study Fee provided in Schedule 15 (Charges). OpenNet shall provide a quotation to the Requesting Licensee with the estimated additional Project Study Fee for the Co-Location Modification Request Project Study within five (5) Business Days from the date of OpenNet's receipt of the Co-Location Modification Request. The Requesting Licensee shall notify OpenNet in writing whether it accepts the quotation for the Co-Location Modification Request Project Study within ten (10) Business Days of its receipt of the quotation.
- 5.7 Upon the Requesting Licensee's acceptance of the quotation in clause 5.6, OpenNet shall complete the Co-Location Modification Request Project Study within 15 Business Days of the date of its receipt of the Receiving Licensee's acceptance. For the avoidance of doubt, any work already performed by OpenNet pursuant to the Project Study shall be included in the Co-Location Modification Request Project Study at no additional cost to the Requesting Licensee. OpenNet shall provide the same Service Level Guarantee for the Co-Location Modification Request Project Study as it would for a Project Study.

## **6. SITE PREPARATION WORK**

- 6.1 Within ten (10) Business Days (or such other time as may be agreed between the Parties) from the date of notification of the result of the Project Study under clause 4.2 or Co-Location Modification Request Project Study under clause 5.7, the Requesting Licensee shall confirm in writing whether it wishes to proceed with Co-Location and whether it agrees to pay the estimated Charges for Site Preparation Work. Where the Co-Location Request is submitted via the OpenNet Platform, within ten (10) Business Days (or such other time as may be agreed between the Parties) from the date of notification of the result of the Project Study under clause 4.2 or Co-Location Modification Request Project Study under clause 5.7, the Requesting Licensee shall confirm in writing whether it wishes to proceed with Co-Location and whether it agrees to pay the estimated Charges for Site Preparation Work via the OpenNet Platform.

- 6.2 OpenNet shall use its best endeavours to complete the Site Preparation Work within the estimated charges. If OpenNet's costs increase above OpenNet's estimate set out in the notice under clause 4.4(a) (as may be varied from time to time under this clause 6.2), OpenNet must as soon as possible provide the Requesting Licensee with a revised price estimate. OpenNet must obtain the prior approval of the Requesting Licensee to the revised price estimate and if the Requesting Licensee does not provide its approval, then, OpenNet may suspend the Site Preparation Work until the Requesting Licensee agrees to the revised price estimate.
- 6.3 OpenNet shall complete any Site Preparation Work within a period of twenty five (25) Business Days of the date on which the Requesting Licensee notifies OpenNet under clause 6.1 that it wishes to proceed with Co-Location and agrees to pay estimated charges. Subject to delays that may result from suspension of Site Preparation Work under clause 6.2, if OpenNet is not able to complete the Site Preparation Work within the timeframe under this clause 6.3, OpenNet shall inform the Requesting Licensee of when the Site Preparation Work will be completed. The Requesting Licensee may seek a remedy for any delay in completing the Site Preparation Work in accordance with clause 1.7(a).
- 6.4 Within one (1) Business Day after the completion of the Site Preparation Work, OpenNet will notify the Requesting Licensee and request the Requesting Licensee to attend the Central Office for a final site inspection of the Co-Location Space.

## **7. INSTALLATION AND MAINTENANCE OF CO-LOCATION EQUIPMENT IN CO-LOCATION SPACE**

- 7.1 Any equipment that is co-located at the Co-Location Space leased to a Requesting Licensee within a Central Office must be used for the purpose of connecting to the OpenNet Network or other Requesting Licensee's Co-Location Equipment and the provision of services over the OpenNet Network.
- 7.2 The Parties agree to comply with the following procedures in connection with the installation and maintenance of Co-Location Equipment:
- (a) the Co-Location Equipment Installation and Maintenance Procedures at Annex 12D and as amended by OpenNet from time to time;
  - (b) the Standard Operating Procedures at Annex 12E and as amended by OpenNet from time to time; and

- (c) the Physical Access Procedures at Annex 12F and as amended by OpenNet from time to time.

7.3 The Requesting Licensee shall:

- (a) provide all installation materials and manpower needed for the installation of its Co-Location Equipment;
- (b) provide and install FDF at its leased Co-Location Space in the Central Office for the termination of Transmission Tie Cable; and
- (c) be responsible for any cabling and patching required between its Co-Location Equipment and its FDF located at its leased Co-Location Space.

7.4 Subject to OpenNet's agreement on the requested capacity of the Transmission Tie Cable from Requesting Licensee's FDF to OpenNet's FDF, OpenNet shall provide, at its own cost:

- (a) the necessary, in OpenNet's reasonable opinion, Transmission Tie Cable between the Requesting Licensee's FDF and the OpenNet's FDF;
- (b) installation of the Transmission Tie Cable from the OpenNet's FDF to the Requesting Licensee's FDF in the Co-Location Space; and
- (c) termination of the Transmission Tie Cable to the OpenNet's FDF.

7.5 OpenNet shall terminate the Transmission Tie Cable installed pursuant to clause 7.4 at the Requesting Licensee's FDF in the Co-Location Space at the Requesting Licensee's cost. The Requesting Licensee shall pay OpenNet the Fibre Splicing Charge in accordance with Schedule 15 (Charges) for such termination of the Transmission Tie Cables at the Requesting Licensee's FDF. The Requesting Licensee shall provide at its own cost the necessary equipment and facilities such as pig tails and splice trays etc. for such termination. The Requesting Licensee may request for additional Transmission Tie Cable through OpenNet Platform once the utilisation of Transmission Tie Cables reaches a level mutually agreed between OpenNet and the Requesting Licensee. Upon receipt of a successful submission of the request for additional Transmission Tie Cable, OpenNet shall install the Transmission Tie Cable within twenty five (25) Business Days from the date of receipt of the request for additional Transmission Tie Cable or any other date to be mutually agreed between OpenNet and the Requesting Licensee. For avoidance of doubt, the Requesting

Licensee is responsible for monitoring the level of utilisation of their Transmission Tie Cable.

7.6 When OpenNet is required to terminate the Transmission Tie Cable installed pursuant to clause 7.4 at the Requesting Licensee's FDF in the Co-Location Space, OpenNet agrees to comply with the following procedures:

- (a) the Standard Operating Procedures at Annex 12E and as amended by OpenNet from time to time; and
- (b) the Physical Access Procedures at Annex 12F and as amended by OpenNet from time to time.

7.7 Both Parties shall use standard SC/APC (Angled Polished) connectors which are tested according to Bellcore Specifications TR-TSY-000326 or equivalent standards.

7.8 The Requesting Licensee acknowledges that:

- (a) it will fully indemnify and hold OpenNet harmless at all times against all actions, claims, proceedings, costs (including legal costs), losses or damages or expenses for injuries or death to any person whomsoever, which may be brought against OpenNet by any person out of or in connection with any loss or damage to any property, including third party equipment, resulting from the actions or omissions of the Requesting Licensee's employees or contractors;
- (b) it must comply with any guidelines for accessing and working in the Central Office issued by OpenNet from time to time;
- (c) it must maintain good engineering and operational practices in its use of its equipment; and
- (d) the technical means by which OpenNet supplies the Co-Location Service, including the Transmission Tie Cable, power and earthing, is at OpenNet's sole discretion.

7.9 The Requesting Licensee shall, immediately on notice from OpenNet, remove from the Central Office any hardware, software or cabling component of the Requesting Licensee that OpenNet (in its discretion) considers may cause or is likely to cause a hazard, interference or obstruction to OpenNet's operation of the Central Office.

7.10 Where it is necessary to carry out any scheduled service interruption, including but not limited to planned repair, or replacement or upgrade to any equipment or facility which will cause the Co-Location Service to be unavailable or which may affect the Requesting Licensee's Co-Location Equipment, OpenNet shall provide the Requesting Licensee with at least one (1) month's notice in advance of such interruptions, repairs or upgrades, and shall inform the Requesting Licensee of the period of service interruption. OpenNet shall also take reasonable measures to minimise any service disruption to the Requesting Licensee.

7.11 OpenNet shall include the following details in the written notification or via the OpenNet Platform APIs to the Requesting Licensee:

- (a) Affected Location;
- (b) Date of occurrence;
- (c) Time of occurrence (start & end timings);
- (d) Cause of Planned Disruption; and
- (e) OpenNet's Network Operations Centre Contact Number.

## **8. TERM OF LICENCE**

8.1 The term of a Co-Location Service licence granted under this Schedule shall commence on the date of completion of the Site Preparation Work (**Commencement Date**) and continues for the term of either two (2) years or twenty-five (25) years (as the case may be), until the earlier of any of the following events:

- (a) either party terminates the Co-Location Service in accordance with clause 10 of this Schedule;
- (b) the OpenNet ICO is revoked by the Authority under clause 12.8 of the ICO Agreement; or
- (c) the Authority removes the requirement for OpenNet to provide Co-Location Service under the OpenNet ICO or exempts OpenNet from providing Co-Location Service under clause 12.9 of the ICO Agreement.

8.2 In the event that the Co-Location Service licence is for a term of two years, OpenNet shall, three (3) months before the licence expiry date, send a first reminder to the Requesting Licensee notifying it of the impending expiry of Co-Location Service licence. If the Requesting Licensee does not respond to the first reminder, OpenNet shall, two (2) months before the licence expiry date, send a second reminder to the Requesting Licensee. If the Requesting Licensee does not respond to the first and second reminders, OpenNet shall, one (1) month before the licence expiry date, send a third reminder to the Requesting Licensee. If OpenNet does not receive a response from the Requesting Licensee at least three (3) weeks before the licence expiry date that it does not wish to extend the Co-Location Service licence, then in this event, the Co-Location Service licence shall be extended for a further term of two (2) years on the same terms and conditions as the initial term.

## **9. SUSPENSION OF LICENCE**

9.1 OpenNet may suspend the Requesting Licensee's Co-Location Service licence at any time until further notice to the Requesting Licensee if the Co-Location Equipment causes or is likely to cause physical or technical harm to any telecommunications network, system or services (whether of OpenNet or any other person) including but not limited to causing damage, interfering with or causing deterioration in the operation of OpenNet's Network.

9.2 If the suspension is the result of the Requesting Licensee's fault, the Requesting Licensee shall continue to pay the Monthly Recurring Charge during the period of suspension.

9.3 Where the suspension is not the result of OpenNet's fault, OpenNet shall, upon the end of the suspension period, charge the Requesting Licensee a Reconnection Charge for the service reconnection works.

9.4 Subject to clause 14 of the Main Body of the ICO Agreement, OpenNet shall not be liable to the Requesting Licensee for any Loss resulting from, or in connection with, suspension of access to Co-Location Space under this clause 9. For the avoidance of doubt, nothing in this clause 9.4 shall exclude or limit OpenNet's liability to a greater extent than clause 14 of the Main Body of the ICO Agreement.

## **10. TERMINATION OF LICENCE**

10.1 OpenNet may terminate the licence of Co-Location Service at any time with immediate effect by giving notice to the Requesting Licensee if the Requesting Licensee fails to complete the installation of its Co-Location Equipment within thirty

(30) Business Days under Annex 12D. If the Requesting Licensee's failure to complete installation is attributable to circumstances beyond the Requesting Licensee's reasonable control, OpenNet will grant a reasonable extension of time for installation to the Requesting Licensee at the Requesting Licensee's request. A Requesting Licensee's request under this clause must describe the circumstances beyond the Requesting Licensee's control and such request must be received prior to the expiry of the aforementioned thirty (30) Business Days period. OpenNet must respond to the Requesting Licensee's request under this clause 10.1 within two (2) Business Days from the date of receipt of such request.

10.2 Either Party (**Terminating Party**) may terminate the licence of Co-Location Service:
